

Tvheadend - Bug #1486

finished recording loose episode info after recording

2012-12-31 22:14 - Giovanni Borri

Status:	Need feedback	Start date:	2012-12-31
Priority:	Normal	Due date:	
Assignee:	Adam Sutton	% Done:	0%
Category:	PVR / DVR	Estimated time:	0.00 hour
Target version:		Affected Versions:	
Found in version:	3.3.208		
Description			
setting up an autorec, when the recording has been finished the entry record pass from the "upcoming recording" to "finished recording". Up to now the info for episode seems to be there. Seems that after reboot they disappear (or something else that i don't know). this bug prevent to use autorec correctly, infact it doesn't recognize the episode already recorder.

Hello Adam,

I don't know how to see git commit.

I have seen your commit on version 3.3.208, I have installed it but the problem persist. Yesterday night I've installed the version 3.3.225 and the problem is either in this version.

Thanks
Giovanni

Hello,

I have similar problems but the episode numbers are disappearing even for unfinished recordings.

I'm currently using 3.3.222~g0b3e70f I'll try to rebuild current version and check if it still happens.

[Adam Bark](#): when was this fixed? why is the episode number not copied to dvr/log/* files like title and description?

Jacek

#4 - 2013-01-08 23:28 - Adam Sutton

This issue is not fixed, since its not yet been looked at. I hadn't had a chance to follow up yet.

Indeed the way we record information needs reworking, but I've not had time.

[Adam Bark](#): I was referring to your "this should already be fixed" comment.

#6 - 2013-01-13 20:43 - Jacek Tomasiak

After upgrading to 3.3.330~g6d74e88 I don't see any lost episode numbers anymore... at least for now.

#7 - 2013-01-14 09:41 - Giovanni Borri

i have installed version 3.3.345~g687d047~precise but the problem persist.
