<b>Description</b>			
Hello,			
iam unable to play udp stream when stream mtu is larger than 1500 bytes (fe. 23 x 188 bytes ~ 4500 bytes). In XBMC 9.11 Camelot the error was: No data input from adapter detected. In current XBMC SVN 26018 with Tvheadend 2.10 the tvheadend error is: No hardware present.

#### History

##### #1 - 2010-08-17 12:57 - Andreas Smas

I think this is fixed but it's hard to tell as no version is specified.

##### #2 - 2011-01-04 23:08 - Andreas Smas

- Category changed from General to IPTV
- Status changed from New to Fixed
- Target version set to 2.13
