<b>Description</b>			
<p>I am finding that around 40-50% of my recordings (scheduled or completed) do not contain any description. I can search the EPG on the TVH page and find the programme that is highlighted as scheduled for recording and that has content.</p> <p>Seems a similar issue to 1322 that I also reported a while back.</p> <p>It might be worth noting that this are automatically scheduled recordings/series linked. At least that is all I have noticed so far.</p>
