

Tvheadend - Bug #1932

text based dvb subs.

2014-01-14 08:34 - danny skjodt

Status:	New	Start date:	2014-01-14
Priority:	Normal	Due date:	
Assignee:	John Törnblom	% Done:	0%
Category:	Muxers	Estimated time:	0.00 hour
Target version:		Affected Versions:	
Found in version:	3.9.354		
Description			
They are just completely ignored in the current master and have been so since the dvb core rewrite :) Will provide more info if needed wink.png			

History

#1 - 2014-01-14 09:07 - Adam Sutton

Please provide a muxdump for testing.

Adam

Sure here is a dump of Sky Sports 4

Its related to the pat rewriting after doing a clean install with new config thats the only place where I dont have subs.

With pmt rewrite on the subs is missing, and should'nt pmt rewriting remove the extra empty programs?

Here is how Sky Sports 4 is read by ffmpeg with the diffrend modes on/off.

none

#3 - 2014-01-16 10:31 - Adam Sutton

That looks like a recording of just that service rather than of the entire mux? Use the play link in the muxes tab.

Adam
