Category:	PVR / DVR	Estimated time:	0.00 hour
Target version:		Affected Versions:	
Found in version:	3.9.683		
Description			
As allready described here [https://tvheadend.org/issues/1609#1609] but it affects TS files too. I think there should not bee need to split it, since ist only the teletext stream which has been changed..			
See "Frozen Ground" recording in attached syslog. It has been splitted into 4 files.
