Target version:		Affected Versions:	
Found in version:	HTS Tvheadend 3.9.1738~g20f603e~precise		

Description

i am using 3.9.1738~g20f603e~precise and when using tvheadend for more than 24 hour tvheadend stop sending ecm to the oscam and doesn't decrypt any think .
simple restart of the tvheadend doesnt solve the probleme

I am using TBS6985 PCIe DVB-S2 Quad Tuner Satellite .

tvheadend from time to time duplicate channel on another network wich isn't working i have attached a screenshot .
