one more reason to enter in daily schedule wink.png

##### #6 - 2015-07-10 21:57 - saen acro

Any chance to be added auto tagging when mapping with available languages?

##### #7 - 2015-07-11 14:14 - Paolo Roascio

- File *tvheadend-language-tags.patch* added

This is my best, feel free to use this patch. I think it is not the best way, but a base to work on.

Sincerely i don't think that I will present a pull request for this for these reasons:

- often channels have multiple languages then, in clients with poor grouping abilities (kodi?) there are lot of language groups with the same channels (from a big list as yours you can get dozens of groups only a little smaller) and i feel this a confusing way to group them.

- lots of channels (eg. encrypted in my setup) don't have the lang attribute set, so you can miss them in groups.

- coding may be really wrong as i'm not a programmer.

May be this a discussion base for skilled programmers like Jaroslav or Adam?

##### #8 - 2016-01-25 19:07 - Jaroslav Kysela

- Target version set to 4.4

**#9 - 2021-02-20 22:32 - Flole Systems**

- Target version changed from 4.4 to 4.6
