

Tvheadend - Feature #2993

Bouquets - add support for m3u / xspf playlist (file:// and http[s]://)

2015-07-04 15:31 - Jaroslav Kysela

Status:	Fixed	Start date:	2015-05-20
Priority:	Normal	Due date:	
Assignee:	Jaroslav Kysela	% Done:	100%
Category:		Estimated time:	0.00 hour
Target version:	4.2		
Description			
We miss the support for the playlist to allow more easy stacking with other servers (including other tvh instances). Also, SAT>IP protocol defines rtsp:// based m3u playlists.			
The URLs from the playlist should be imported to the specified IPTV network.			
Subtasks:			
Feature # 2859: Custom url extension for SAT>IP services			Fixed
Feature # 3099: Allow *.m3u as Mux-URL for multiple services			Rejected
Feature # 3117: Search futer M3U			Rejected

History

#1 - 2015-10-17 20:17 - Jaroslav Kysela

- Status changed from New to Fixed

Fixed in master, except the xspf format (which will be added probably later).
