

Tvheadend - Feature #3032

Later cookie expiration date (maybe one year or so)

Target version:	4.2		
Description			
<p>I have grids with disabled columns and sadly I have to modify them a little bit within one week to get the cookie renewed. One week late is the normal expiration date. In the case I forget this my browser (Firefox) delete them when the expiration date is reached and my column sorting is gone. :-(</p> <p>----- ys-epggrid ys-api/dvr/entry/grid_finished ys-api/dvr/entry/grid_upcoming</p>

- Target version set to 4.2

You may edit this value in src/webui/static/app/tvheadend.js - it's at the beginning. Anyway, this value should be configurable.
