Description			
If you try to delete SNT column (or Signal Strenght) has a strange bug. In addition, those columns are never deleted. See attached images.			

History

#1 - 2017-04-22 12:08 - Jaroslav Kysela

- Target version set to 4.4

#2 - 2019-10-23 22:58 - Pablo R.

I have confirmed that this occurs when trying to delete SNR and/or Signal Strength tabs. Columns labels are duplicated and arent deleted.

P.S.: Those columns are not selectable either.
