

Tvheadend - Bug #4554

Autorec priority

2017-08-25 15:48 - g siviero

Status:	Invalid	Start date:	2017-08-25
Priority:	Normal	Due date:	
Assignee:	Adam Sutton	% Done:	0%
Category:	PVR / DVR	Estimated time:	0.00 hour
Target version:		Affected Versions:	
Found in version:	4.3-210~g7644886-dirty		

Description

When I create a new autorec from the EPG (web interface) and I select any DVR Profile, the created autorec entry has a value on the column "priority" that is different from the priority value of the corresponding DVR profile that I find in Configuration->Recording->DVR Profiles.

In particular the autorec entry column "priority" has always the value "default".

Is this the expected behaviour?

History

- Status changed from New to Invalid

"Default" means use the priority from 'DVR configuration'. So, it's as you expect.
