

Tvheadend - Bug #4972

Ziggo: No epg data

2018-02-25 21:56 - theo vh

Status:	New	Start date:	2018-02-25
Priority:	Normal	Due date:	
Assignee:	Adam Sutton	% Done:	0%
Category:	EPG - Grabbers	Estimated time:	0.00 hour
Target version:		Affected Versions:	
Found in version:	4.4.20180208		
Description			
My EPG has been empty for the last few days after updating tvheadend to 4.4.20180208. Possible related bug: https://www.tvheadend.org/issues/4931			
Let me know if I need to provide a log or anything.			

History

#1 - 2018-02-25 23:39 - saen acro

There is no version 4.4.20180208 no TVHeadend yet, so find correct version.
Latest is **HTS Tvheadend 4.3-1130~g1c2d690**
connect to developer of this packet you use to tell more.
Also write that you use sinology or whatever is NAS device.

#2 - 2018-02-26 14:04 - Jaroslav Kysela

Enable the trace bellow and tune to one service (only) with missing EPG:

```
--trace tbl-base,tbl-eit
```

Yes this is a Synology Package. Very confusing that the developer changed the original version numbering. I will contact him/her.
