Target version:		Affected Versions:	
Found in version:	4.3-1468~g3f74523		
Description			
AAC-LATM ==> AAC (sac) no audio stream with transcoding			
This was never fixed. I get no audio using version 4.3-1468~g3f74523 when transcoding. Everything works if use passthrough/copy.

#2 - 2018-10-14 19:36 - Daniel Ribeiro

Also worth noticing, using tvheadend 4.1 AAC transcode works fine for LATM.
