Target version:			
Description			
It would be nice if the removal period for "weak stream" recordings can be user selectable instead of hard coded to 1 day.			
https://github.com/tvheadend/tvheadend/blob/master/src/dvr/dvr_db.c#L1410			
Or at least set it to 1 week since 1 day is too short of a time.			
I usually compile mine with it set to 1 year, since I want to decide myself which recordings to delete.
