

## Tvheadend - Bug #5935

### editing record times wrong

2020-08-01 17:08 - Lawrence Gough

<b>Status:</b>	Invalid	<b>Start date:</b>	2020-08-01
<b>Priority:</b>	Normal	<b>Due date:</b>	
<b>Assignee:</b>	Adam Sutton	<b>% Done:</b>	0%
<b>Category:</b>	PVR / DVR	<b>Estimated time:</b>	0.00 hour
<b>Target version:</b>		<b>Affected Versions:</b>	
<b>Found in version:</b>	4.2.8		
<b>Description</b>			
I added a recording then tried to edit the stop time, but the corresponding time taken in the list was way later. eg. I had to set stop time to 21:00 to get the stop time at 22:40			

### History

Please, please replace the stable version 4.2.x with the development build and call it 4.3.9 or even 4.4.

#### #3 - 2020-08-04 11:09 - Flole Systems

Please propose a PR for that and it will be considered. The current development will become 4.4 and dev version will be 4.5 if I remember correctly, that was already planned for quite a while.

#### #4 - 2020-08-06 19:19 - Lawrence Gough

Hi again,  
unfortunately I'm using TVH on a raspberry pi running OSMC and I can only install the version that's offered via the addons within OSMC.  
Happy to have a go if there's an idiot's guide to upgrading the build though.  
I'm reasonably ok with linux, SSH etc.. let me know if I can help in that way and just point me to the instructions.  
regards
