

Tvheadend - Bug #730

Tvheadend cannot be configured > ERROR

2011-10-01 00:17 - Bas van Rijn

Status:	Invalid	Start date:	2011-10-01
Priority:	Urgent	Due date:	
Assignee:	Andreas Smas	% Done:	0%
Category:	User Interface	Estimated time:	0.00 hour
Target version:	2.13	Affected Versions:	
Found in version:	c88a646		

Description

I have downloaded tvheadend three days ago from github.
ran ./configure and make.
No errors or warnings were shown.

When I start up tvheadend the log seems to be normal.
When I open the web frontend, the page stays empty and the log shows a lot of static errors.
For logging see attachment tvheadend_log.txt
The tvheadend version is c88a646

History

#1 - 2011-10-15 16:49 - Bas van Rijn

- File tvheadend_log.txt added

#2 - 2012-02-11 22:54 - Joshua Welch

Is there anyway you can grab the newest copy and see if you still have the error?

#3 - 2012-07-30 23:38 - Adam Sutton

- Status changed from New to Invalid

This is a simple mistake in the way you've built run the script. If you're still having problems please mail me directly or pop along to #hts.
